MUNICIPAL BY-LAWS.

THE CORPORATION OF THE DISTRICT OF NORTH COWICHAN.

BY-LAW No. 368.

A By-law to provide for draining Part of the Gibbins Road Area within the Territorial Limits of The Corporation of the District of North Cowichan and for borrowing on the Credit of the said Corporation the Sum of \$825 or any Portion thereof for completing Same.

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll, of the property hereinafter set forth in the Schedule hereto to be benefited by the drainage have petitioned the Council of The Corporation of the District of North Cowichan, praying that the lands in the Gibbins Road Area more specifically described in the schedule hereto be drained of surface water:

And whereas thereupon the said Council procured an examination to be made by J. B. Green, a duly qualified British Columbia land surveyor, being a person competent for such purpose, of the said locality proposed to be drained and has also procured plans and estimates of the work to be made by the said J. B. Green, and an assessment to be made by him of the land and roads to be benefited by such drainage, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such drainage by each parcel of land, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon each parcel of land as set out in the Schedule hereto, and the report of the said J. B. Green in respect thereof and of the said drainage being as follows:—

“REPORT ON PROPOSED LOCATION OF DRAINAGE SCHEME IN THE GIBBINS ROAD AREA WITHIN THE MUNICIPALITY OF THE CORPORATION OF THE DISTRICT OF NORTH COWICHAN.

“The proposed drainage scheme will drain all surface water from Upland Road, Highland Avenue, and Banks Road, which flow and remain on low lands located on the north side of Gibbins Road, more particularly described as Lots 1 and 2, Plan 6701, and Lot A, Plan 6119, Quamichan District. The proposed scheme will carry this excess water away from the aforesaid lots in a northerly direction emptying into Holmes Creek.

“Grade.

“There is now a natural sufficient grade of one (1) foot in three hundred and fifty (350) feet which will take care of the aforesaid surface water.

“Work proposed.

“It is proposed to construct an open ditch on a portion of the westerly side of Upland Road to run in a southerly direction, and install tile in the said ditch in front of each property on the said portion of Upland Road for access, together with a culvert under Upland Road to connect with a ditch on the easterly side of said Upland Road. The water will then flow into a small channel along the north side of Gibbins Road in a north-easterly direction to a manhole which will connect with the proposed tile drain on private property. An open ditch with culverts in front of each property for access will be installed along the south side of Gibbins Road above Highland Avenue, which will also run in a north-easterly direction to a culvert under Gibbins Road, and then into a manhole connecting to the proposed tile drain. A ditch will then be excavated approximately four (4) feet in depth and two (2) feet in width on the north side of Gibbins Road so that the water may then flow in a northerly direction over Parcel A of Plan 6119, Lots 1 and 2, Plan 6701, and Lot 1, Plan 6558, and from there into Holmes Creek. Ten (10) inch tile will then be laid in the ditch, and covered with one (1) foot of coarse gravel. The remainder of the whole of the said ditch will be filled with earth by the grader.

“Cost.

“I estimate the cost of this work at \$825, of which \$275 is to be borne as the Municipality's proportion of the said cost, and the remaining proportion of the said cost, namely \$550, to be borne by the owners of lands as set out in the said petition, providing that the drainage is carried out during dry conditions suitable for the operation of any equipment required for the purpose.

“Plans.

“A plan showing the above proposed work accompanies this report.”

And whereas the said Council is of the opinion that the drainage of the locality described is desirable:

Be it therefore enacted by the said Council of The Corporation of the District of North Cowichan pursuant to the provisions of the “Municipal Act”:—

1. That the said report, plans, and estimates be adopted, and the said drain, and the works connected therewith, be made and constructed in accordance therewith.

2. That the Reeve of the said Corporation may borrow on the credit of the said Corporation the sum of \$825 or any portion thereof, such sum so borrowed to be repaid within five (5) years with interest at the rate of four (4) per centum per annum on any amount remaining unpaid.

3. That for the purpose of paying the proportion of the cost charged against the said lands so to be benefited as aforesaid, and to cover interest thereon for five (5) years at the rate of four (4) per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied upon the lands mentioned in the Schedule hereto; and the amount of the said special rates and interest assessed as aforesaid against each individual parcel of the said lands mentioned in the Schedule hereto, shall be divided into five (5) equal parts for each individual parcel of the said lands, and one such part shall be assessed and levied as aforesaid, in each year, for five (5) years after the final passing of this by-law during which the said loan is unpaid.

SCHEDULE.

All those parcels of land situated in Sections 18 and 19, Ranges 4, 5, and 6, Quamichan District, more particularly described as to each parcel as follows:—
